SENSATIONAL INNOVATION

This Page The Cobble sofa from Gansk is made from matt white fibreglass and comes with a weatherproof cushion. This sculptural seat really gives the wow-factor and fits perfectly into a contemporary-style home (www.gansk.pt).

Opposite Page Designed by Ramón Esteve for Vondom, the new Moon daybed has a rotating system on which its base rests, allowing

you turn it around to suit your requirements. It is available with LED backlighting and the top is made with a polypropylene cord braid that enables air to filter through – creating a cool and relaxing space. Vondom is available through Outdoor Concepts at the top of the Boulevard in San Pedro de Alcántara (www.outdoorconcepts.es).
